## General Labourer – Seasonal Term Position

**ATOM-JET INDUSTRIES** is a custom machining and advanced manufacturing company in Brandon, Manitoba. Atom-Jet has been in business since 1962.

The Atom-Jet Group has a reputation for producing quality products and recently has been recognized and received the Manitoba Chamber Outstanding Long-Term Achievement Award.

Salary range for this position is \$13-\$15/hour depending on experience.

### Job Summary

The position is to ensure the production and quality expectations of all departments are achieved. Responsibilities include that tasks are carried out leading to the efficient day to day operations, maintenance and assembly in the manufacturing of Atom-Jet's agricultural product line.

### Responsibilities

- Operation of job-related equipment such as, grinders, hydraulic forming presses, and robotic welders.
- Execution of supplied work orders.
- Handling, transport and processing of products and materials using necessary machinery.
- Comply and observe company's Health & Safety Policies wearing Personal Protective Equipment (PPE)
- Accuracy in recording production parts and raw materials used in production.

### Requirements

Experience – Welding and/or metal working experience would be an asset.

Skills – The ideal applicant will possess the following skills:

- Strong work ethic along with the capacity to perform in a fast-paced production facility.
- Ability and knowledge working with steel.
- Team player willing to contribute across all departments.
- Ability to lift, push, pull or carry heavy objects.

### Education & Training

- Welding or any steel fabrication training beneficial but not necessary.

### How to Apply

Please forward resumes to the attention of Ryley Davidson via email [rdavidson@atomjet.com](mailto:rdavidson@atomjet.com) or in person to Atom-Jet Industries.
