

## Drafts Person

Location: Brandon, Manitoba

Job Type: Full Time Hours: Monday – Friday, 8:00 AM to 4:30 PM

Wage: To be negotiated, dependent upon qualifications

Glendale Industries is a metal fabrication facility in Brandon, Manitoba that sells and distributes products across Canada. Glendale has been in business since 1984 and is a member of the Atom-Jet Group. The Atom-Group has over seventy employees and recently celebrated its 60<sup>th</sup> year in business. We are seeking a qualified individual to join our team.

## Benefits

Glendale recognizes that the people within our team are our most valuable asset, and because of this Glendale provides its employees with:

1. A comprehensive benefit package
2. Pension matching
3. Competitive salaries and wages
4. Work life balance
5. Regular social events

## Job Summary

This position is responsible for working with the Glendale team to maintain drawings, bills of material (BOM) and other critical production information. This position will be responsible for updating existing drawings & BOMs as well as collaborating with the team to develop new products and production process improvements.

## Requirements

**Experience** – Previous mechanical or production experience would be an asset but is not required. New graduates as well as experienced individuals are encouraged to apply for this position.

**Education** – Formal design training through a college, university or other accredited program is required for this position.

**Skills** – Applicant must be proficient in Inventor, AutoCAD, and Microsoft Office.

**Attributes** – Looking for a self-motivated individual with a positive attitude that works well with others and is willing to learn.

HOW TO APPLY: Please forward resumes via email to [hr@glendaleind.ca](mailto:hr@glendaleind.ca) Re: Drafts Person or apply in person.
