ATOM-JET INDUSTRIES is a custom machining and advanced manufacturing company in Brandon, Manitoba. Atom-Jet has been in business since 1962.

Atom-Jet Industries has a reputation for producing quality products and recently celebrated its 60th year in business.

We are seeking a qualified individual to join our Machine Shop team.

Benefits

Atom-Jet recognizes that the people within our team are our most valuable asset, because of this Atom-Jet provides its employees with:

1. A comprehensive benefit package, at no cost to our employees.
2. Pension matching
3. Competitive salaries and wages
4. Work-life balance

Job Summary

The role of the Apprentice machinist is to produce quality parts in accordance with work order requirements and supplied drawings. Must be willing to learn and develop machinist trade skills in both manual and CNC machining.

Duties and Responsibilities

- Production of machined components in accordance with drawing specifications and/or instructions, under the supervision of a journeyman tradesperson.
- Learn and develop machinist trade skills in both manual and CNC machining.
- Perform support tasks for the machine shop to help fulfill work order requirements, such as painting, assembly, and other duties as assigned.
- Comply with the safety requirements at all times before performing a job assignment.

Requirements

To be considered for this position, applicants must possess the following characteristics:

Experience – No experience is required, but manufacturing experience is highly desirable.

Education – High school diploma and willing to enroll in the Manitoba apprenticeship program in the trade of machining.

Skills – Applicant must be able to multitask, have strong drawing interpretation skills, & mechanical aptitude

Attributes – The apprentice must have a great work ethic, be able to listen to instructions, and carry out tasks

How to Apply

Please forward resumes via email to hr@atomjet.com or drop off in person to Atom-Jet Industries Ltd., 2110 Park Ave, Brandon, MB.
